

MC 310

Matica MC310 direct-to-card printer offers a superior print quality and a complete line of encoding, lamination and communication options. Its versatility provides a solution to all vertical markets which need to run card issuance programs that require reliable and consistent high quality printing, converting the MC310 into the most flexible and reliable card printer platform in the market.

This also includes notably fast output of over 180 cards per hour when printing single side and up to 850 cph when printing in monochrome.

The MC310 is accompanied with a comprehensive ribbon program to cover all issuance needs in all vertical markets, including the new Matica YMCSKO ribbon to increase the number of visual security elements (VSE) on the card for security applications.

CARDS

Hoppers	30 cards (front) / 80 cards (rear)
Format & materials	ISO CR80, PVC
Feeder	100-card feeder, Exception feeder

LAYOUT PERSONALIZATION

Method	Dye sublimation
Mode	Direct-to-Card
Resolution	300 x 300 dpi
Speed	180 cph

ENCODING

Encoding	Dual-interface contact/contactless smart card encoder, Magnetic stripe encoder ISO7811
----------	---

CONNECTIVITY

Connectivity	Ethernet, USB
--------------	---------------

PLATFORM

Printer dimensions (L x W x H)	255.6 x 202 x 405.4 mm
--------------------------------	------------------------
