Medication Cart

Capsa's line of Integrated Medication Carts combine inventive design with full mobile computing and point-of-care technology. The flexible platform provides intelligent solutions for medication management computing with its own onboard power system and security.

The durable cassettes permit simple access and handling without the need to remove other cassettes. The ACi Medication Cart offers solutions for medication management, organization and security including keyless entry with automatic relocking and remote cart access control.

Designed for:

- Medication administration process
- Organized med pass
- Improved nursing workflow

Well Suited For

- Nursing Home/Extended Care Facility
- Assisted Living
- Continuing Care Community
