

Vintage Series Tech-Ready Medication Carts

Capsa's tech-ready configuration gives the flexibility to add simple mobile computing hardware to standard Capsa Vintage Series medication carts (VM3, VM4, VM5). Configured with a dedicated keyboard drawer and adjustable computer/laptop arm, the tech-ready model blends advanced function with a furniture-like feel and efficient cart design. Accommodates a wide range of medication systems including punch card, 30-day box, automated packaging, and a host of other medication packaging options. Capacity for medications, supplies, and liquids is configurable and varies by Vintage Series cart size.

Vintage Series tech-ready is designed for:

- Medication administration process
- Organized med pass
- Improved nursing workflow
- EMR/EHR mobilization

Well Suited For

- Nursing Home/Extended Care Facility
- Assisted Living
- Continuing Care Community
- Hospital
